"White Lightening" (20 x 16 in; oil on linen)

"White Lightening" is the work of CT artist Johanne Mangi. This painting was created specifically to demonstrate capturing energy and life.

Although she is primarily known for her paintings of dogs, Ms. Mangi's other works include wildlife and still lifes. Most recently, she released a teaching video on horses, "The Fine Art of Painting Horse Portraits." This painting is a prime example of that effort.

Ms. Mangi has received numerous awards for her portrait work and is collected internationally. She can frequently be seen demonstrating her painting skills at the AKC Museum of the Dog in NYC, painting dogs from life and copying masters' paintings.
